

# 2018 HEALTH PLAN YEAR RE-ENROLLMENT NOTICE

This November, you will need to re-enroll into your desired employer-sponsored health plan. **This brief description about the requirements and re-enrollment process will be followed by a comprehensive packet you will receive in a few weeks.** You will have a choice between the Wholeness and the Base Health Plans.

## Wholeness Health Plan

### WITHOUT SURCHARGE

- Requirement activities apply
- Increased coverage
- Lowest employee contribution

### WITH SURCHARGE

- No requirement activities
- Increased coverage
- Highest employee contribution

## Base Health Plan

- No requirement activities
- Decreased coverage
- Higher employee contribution

If you would like to enroll into the Wholeness Health Plan without a surcharge, you will need to complete the enrollment requirements. If you are currently on this health plan, repeating these requirements will be easy and familiar. It is as easy as **A-B-C!**

# A

### Assessment and Account

Complete a Health Risk Assessment (HRA) and create a MyChart account if you do not already have one.

# B

### Biometric Screening

Complete a biometric screening at one of the many locations on our campus. Please note, you **and** your spouse must bring your biometric screening code to your appointment. This number is located on your CVS/Caremark Health Plan ID card starting with "LL".

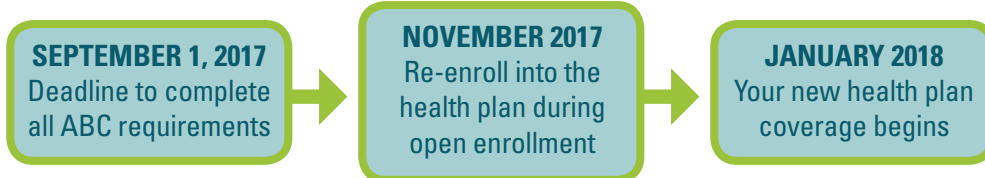

# C

### Care Management

If you or your covered spouse are sent a letter of invitation for care management, you will need to complete the entire program or a series of appointments/activities by the deadline.

You and your covered spouse must complete all requirements by September 1, 2017 to qualify for the Wholeness Health Plan without a surcharge. If these requirements are not met, you and your family will qualify for only the Base Health Plan or the Wholeness Health Plan with a surcharge for the entire 2018 plan year. The Wholeness Health Plan without a surcharge only requires participation in these activities. **Your health plan eligibility or coverage is not contingent upon reaching any specific clinical results.** If you have special circumstances or needs, these requirements may be waived, delayed or a reasonable alternative may be offered. *Please note, if you and your covered spouse have completed the HRA and biometric screening after January 1, 2017, you will not need to repeat these two requirements. This September 1, 2017 deadline only applies to current health plan members. New enrollees will have individualized deadlines based on their coverage effective date.*

Visit the Wholeness Health Plan website at [livingwhole.llu.edu](http://livingwhole.llu.edu) to start the requirement process by following the Quick Guide instructions and watch for the enrollment packet in the mail!
