

Does your department have a safety coordinator?  
If not, it's time to ...

## TAKE the LEAD

- The safety coordinator program is designed to assist department heads with regulatory compliance.
- Environmental Health & Safety provides an online safety training course.
- If you don't have a designated safety coordinator for your department, ASSIGN ONE TODAY.

### Our objective:

To train and empower Loma Linda University Health employees to work in collaboration with Environmental Health & Safety to provide the safest possible environment for staff, patients and visitors.

### Easy Registration

1. Complete the online registration form.

One Portal > LLUSS > Environmental Health & Safety > Forms & Documents > Safety Coordinator Registration/Update Form.

2. Take the Safety Coordinator Orientation Training – Register in OWL.
